"We are a team working to help people of determination live more meaningful lives." - Camille Matta

Our Workshop & Training

Dubai Center for Special Needs

Last January 20, we had a very successful workshop with the therapist from Dubai Center for Special Needs. We started by discussing what is assistive technology up to trying our devices.

Al Noor Center is always with us in creating a new world of possibilities for their students. Let us be one in changing the lives of people of determination.

Al Noor SHX Multisensory Room

Testimonials

"Multi-sensory accessibility makes this space magical for our students! Voice, Touch, Proximity, Movement and Eye Gaze modes provide a wide access variety for all to be part of this immersive and exciting journey. The smiles say it all - our students can control the immersive space by moving objects, looking at images, powering simple access control buttons and thereby create dazzling animation effects. Universal design of access, therapeutic programs and educational benefit makes it a perfect balance to learning while having lots of fun! "

Regina Ramdas

Assistive Technology Specialist at Al Noor training center

Celebrating our 17th Anniversary with Giveaway

Last **January 7th** we celebrated our 17th anniversary. To show our gratitude we are sending a giveaway to someone who needs an AAC device. As of now, we received multiple **entries** and the winner will be announced shortly.

Let's show the world that together, we can make a difference.

Industry News
