Consort Arabia in KSA

Consort Arabia participated in **Saudi Rehab Expo 2023**, one of the biggest events in Saudi Arabia. It presents an excellent opportunity to increase the knowledge of people with disabilities and the community around them.

Spreading Social Awareness about the power of inclusion for people with disability is our main goal.

Consort Arabia brings us a step closer to accomplishing this goal. We are now on the ground in the Kingdom of Saudi Arabia closer to our clients and partners.

It was great meeting professionals and parents during the show!

SHEIKH SHAKHBOUT MEDICAL CITY
CHANGING LIVES

www.consortworld.com

Sincere gratitude for the participation of Sheikh Shakhbout Medical City therapists in the assistive technology workshop we conducted at the hospital. We are sure the information and resources shared was found to be helpful and informative.

We are committed to improving the lives of our patients, and the use of assistive technology is an important tool in achieving this goal. Looking forward to more collaboration in the future.

Awareness Campaign

In honor of **World Down Syndrome Day** this month, we raised awareness through our campaign, **SocksO'clock**.

By donning your most colorful socks, you helped us advocate for the rights, inclusion, and overall well-being of individuals with Down syndrome.

The love and support are so overwhelming.

AT NEWS

Consort World designed this grid set specifically for those who celebrate the holy month of Ramadan and will provide a additional communication tools to help make the month more accessible for people with disabilities.

This new grid set offers a range of features that will help users to stay connected with their communities, including access to Islamic prayers, a prayer schedule, and a selection of Ramadan-related images and symbols.

The Ramadan grid set is available to all users of Grid 3, and can be easily accessed and **download** by clicking the button below!

Users using I-series devices will also be able to use this grid set, enabling them to communicate with others, participate in religious activities, and complete daily tasks more easily during Ramadan.
